

A Handful of Safety

Hygienic hand disinfection according to EN 1500

Pour 3 ml (= a handful) of hand sanitiser into the dry palm of your hand and rub hands together for **30 seconds**. Pay attention to your finger tips and thumbs.

The hands must stay damp while the product is being rubbed in; use more hand sanitiser if necessary.

#stayhealthy

Hygienic hand disinfection according to EN 1500

Pour 3 ml (= a handful) of hand sanitiser into the dry palm of your hand and rub hands together for **30 seconds** (= singing “Happy Birthday” twice). Pay attention to your finger tips and thumbs.

The hands must stay damp while the product is being rubbed in; use more hand sanitiser if necessary.
